

Acting Chief, Silver Hill

27 May 1948

Chief, FBIB

P-3 Positions at Silver Hill, Md.

1. Acknowledgement is made of your memorandum to [redacted] dated 24 May 1948, recommending [redacted] for a position at P-3. [redacted] qualifications, and the validity of the morale considerations cited therein, are recognized. It has been the desire of this office, however, to recruit for the technical staff at all bureaus, as many as possible candidates with completely professional education and experience in order to provide balance against the preponderance of engineers with primarily practical experience in the present staff. It is therefore desired to fill the one existing P-3 vacancy at Silver Hill with a candidate of this type.

2. When the operation is moved to its new quarters and coverage is expanded, it is possible that an additional P-3 job will be required. [redacted] candidacy for that grade will be reconsidered at that time.
